

# FAMILY DOCTORS AT PRHC!

The Family Medicine department physicians at Peterborough Regional Health Centre (PRHC) play several roles in our hospital.

---

## ROLES FAMILY PHYSICIANS HAVE AT PRHC:

- Hospitalist
- Emergency Physician
- Operating Room Assistants
- Palliative Care Physician
- Partners In Pregnancy Care (PIPC) Physician
- Sub-Acute Care Physician

## HIGHLIGHTS OF THE SUB-ACUTE FAMILY PHYSICIAN ROLE:

- Acts as Most Responsible Physician (MRP)
  - Supports approximately 100 patients, in collaboration with a Nurse Practitioner
  - Most patients are designated Alternate Level of Care (ALC) and are waiting for long-term care placement
  - Other patient types include Rehab and Complex Continuing Care
  - If a patient's condition becomes acute, support is available through 24/7 on-site specialty services
  - On-call requirement is minimal and proportional to the number of patients carried
  - A fair stipend is paid for each on-call shift
  - Excellent opportunity to transition into providing patient care in a hospital setting
  - Full orientation available to assist you in making the transition to working at PRHC
-
